Experience

Protolabs

Maple Plains, MN

Sales Representative; Project lead

Sept 2023 - Dec 2024

- Founded and tested new sales process among junior and senior sales teams, increasing project close rates on handoffs by 30%
- Managed a rotating portfolio of 20-40+ concurrent manufacturing projects with a combined valuation of \$150,000+, ensuring all milestones were met within strict 2-4 week production windows.
- Cooperated with cross functional internal teams (Engineering, Production, Quality, Customer Service) to align project requirements and successfully meet precise customer specifications and timelines
- Conducted in-depth discovery and needs assessments with clients to define project scope, objectives, and critical success factors for prototype development and rapid manufacturing
- Navigated complex stakeholder environments, effectively managing expectations and securing buy-in from diverse client teams at all levels of seniority to drive project completion
- Utilized Salesforce and HubSpot to generate reports, monitor project progress, and maintain accurate client records

Sail LLC.

Edina, MN

Intern Marketing Coordinator

Dec 2022 - May 2023

- Contributed to digital advertising strategy by executing keyword analysis, developing targeted ad copy, and implementing bid adjustments across Google Ads accounts to drive online visibility and lead generation
- Managed a social media content calendar, resulting in on time posts and high client satisfaction
- Designed SEO content in collaboration with the marketing team, focusing on optimizing search engine performance and audience reach
